CIP-795-CX

Maximum Capacity & Reliability for Enterprise Hospitality Networks

The ClearlyIP CIP-795-CX Call Controller stands at the top of the ComXchange product line, delivering unmatched performance for enterprise-scale hospitality deployments. Supporting up to 3,000 extensions and 500+ concurrent calls, it is the ultimate solution for large chain hotels, luxury resorts, and high-volume hospitality networks.

Powered by a sixteen-core Xeon Gold processor and 32 GB of memory, the CIP-795-CX handles the heaviest call traffic with speed and efficiency. Dual 1 TB solid-state drives configured with RAID offer exceptional reliability, while the gigabit network ports deliver robust connectivity across demanding infrastructures.

Its space-efficient 1U rack-mount design includes a serial port for integration with property management systems (PMS), a call accounting system (CAS) can also be connected with included USB serial cable. From multi-property hotel groups to single-site luxury resorts operating at full capacity, the CIP-795-CX offers the capacity, processing power, and connectivity to support mission-critical communications in the most demanding environments.

KEY HIGHLIGHTS

- » Capacity for up to 3000 extensions and 500+ concurrent calls.
- » Serial port for Property Management Systems (PMS) or Call Accounting Systems (CAS).
- » 1U form factor saves space in server racks.
- » Dual 1 TB SSDs for maximum capacity
- » Sixteen Core Xeon Gold with 32 GB RAM for high-volume call handling

IDEAL APPLICATIONS

- » Large chain hotels & multi-property hospitality groups
- » Enterprise hospitality networks spanning multiple sites
- » Properties with extreme call volume and complex communications needs

TECHNICAL SPECIFICATIONS

- | | |
|-------------------------|--|
| » Up to 3000 Extensions | » (1x) Serial Port |
| » 500+ Concurrent Calls | » Network: (x3) Gigabit Ports |
| » 32 GB Memory | » Dimensions: 20.37"D x 17.48"W x 1.72"H |
| » Dual 1 TB SSDs | » Dual Power Supply: Internal 100~240V |
| » 16 Core Xeon Gold | » Weight: 21.25 lbs (Packaged: 33.6 lbs) |
| » VGA Video (HD15) | » Warranty: 2 Year |
| » 1U Chassis | |
| » (x2) USB 2.0 Ports | |
| » (x2) USB 3.0 Ports | |
